

# VAULT CONNECT SYSTEM

Payment. Power. Protection.

## THE NEW ERA OF RESTAURANT MANAGEMENT

VAULT offers rugged, cable-free solutions that charge and protect iPhone and iPad devices. The budget-friendly VAULT Connect will set your restaurant apart from the competition.

### OFFER FASTER SERVICE

Easily take orders and payments at a check-out counter, drive-thru or tableside for more efficient service.

### ENJOY CABLE-FREE CHARGING

Charge multiple devices in the cable-free charging station and avoid the hassle of charging cables.

### SAVE MONEY

Minimize device downtime and save on replacements with our durable protective cases for iPhone, iPad and payment devices.

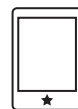

### SIMPLIFY PAYMENTS

Unlike other solutions VAULT Connect is compatible with 7 card readers (see back for details). Simply add the reader of your choice for the most convenient check out process.

### EXTEND BATTERY LIFE

The built-in backup battery extends the life of an iPad or iPhone by 30% for busy workdays.

### CUSTOM BRANDING AVAILABLE

Build brand awareness by personalizing your cases with a logo or other custom branding.
