Compliance

This product complies with all applicable requirements for the Federal Communications Commission, European Conformity, Waste Electronic and Electrical Equipment, and Restriction of Hazardous Substances.

Batteries, electronic, and electrical equipment should not be disposed of with household waste. Wherever possible, they should be segregated and brought to an appropriate collection point to enable recycling and avoid potential impacts on the environment and human health. For more information, contact your local authorities.

Battery

Voltage: 3.7V

Capacity: 2100mAh

Impedance: $\leq 160\text{m}\Omega$

Charge Voltage: 4.2V

Charging Time: ≤ 7.5 hours

Charging Temp: 69°F - 77°F

Operating Temp: 69°F - 77°F

Storage Humidity: $65\pm 20\%\text{RH}$

Operating Humidity: $65\pm 20\%\text{RH}$

Cycles: 500+

Weight: 0.075 lbs

Warnings

Read all warnings before use
