

GoWork Pro i5 Bay Charging Station

Promotes efficient use of shared devices in the workplace
Same reliable charging without cables

Up to 75% faster charging
Reduce charging times for iPad and iPhone devices

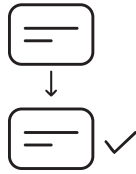

Integrated with JAMF Pro
Customize workflows with JAMF MDM Solution

Key Benefits

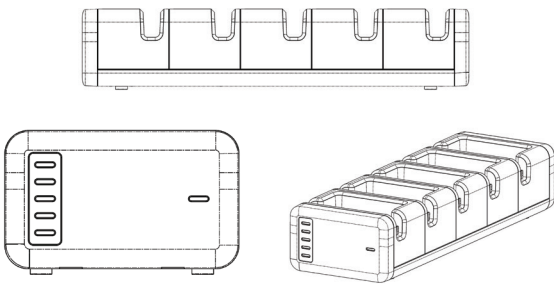

Improved Security & Workflows:

Easily track devices with an integrated badge reader for simple device check-in and check-out.

Streamlined Productivity:

Plug into a Mac and use Apple Configurator for device-level controls with charging capabilities.

MDM-Integrated Dock with Automated Configuration

Easily integrate with MDM to configure devices directly at the dock level. Supports automated workflows and event-specific setups for efficient, hassle-free deployment.

VAULT Difference
