

VAULT Pro Pay Bracket

The Pro Pay Bracket makes it simple to add payment or change card readers on a VAULT point of sale solution. This flexibility enables a seamless and efficient payment experience to meet your business's evolving needs.

Features include:

- ▶ **Simple Installation:** Everything you need comes in the box and the bracket can be installed in minutes.
- ▶ **One Bracket for Multiple Card Readers:** Add or update your card reader without changing your entire point-of-sale system.
- ▶ **No Extra Cable Required:** One master cable charges the card reader and device.
- ▶ **Seamless Data Integration:** No Bluetooth connection required. Power and data are connected once the bracket is installed.
