

Pro Counter Stand

Quick Start Guide

Items Included

Counter Stand
(1)

Enclosure
(1)

Mount Screws
(4)

Power Supply
(1)

Pay Adapter
(Optional)

Payment Bracket
(Optional)

Before You Start

Assembly requires a #2 Phillips head screwdriver. For best results, use a clean, flat surface to prevent damage.

Scan the QR code below for online guide, and detailed video instructions on payment bracket installation.

Online Guide

1 Counter Stand

Step 1. Remove Stand and place on a flat, clean surface.

Step 2. Peel off protective film on bottom of rubber feet.

Step 3. Turn top mounting plate to face upward.

2 Enclosure

Step 1. Grab enclosure, and firmly pry open corner that has arrows and remove front bezel.

Step 2. Decide orientation and route stand cable through the enclosure's center hole.

Portrait

Step 3. Attach enclosure to stand via the four included screws.

3 Payment Bracket (Optional)

Step 1. Plug cables into payment bracket before mounting. Continue to route cable as shown below.

Attention:

Ensure the power cable coming from stand sits below other cables shown in images.

Step 2. Attach payment bracket using two included screws. Then mount card reader support assembly from above.

*Adyen NYC1 Payment Adapter shown as reference

4 Final Assembly

Step 1. Plug USB-C cable into iPad and install device into enclosure.

Step 2. Firmly press front bezel onto backplate making sure to align the corner arrows.

Step 3. Plug into wall outlet to begin charging and start use.

Complete

Optional Features
